Cluster change

Ysgol Meifod has always worked with the schools that are closest to Caereinion High School. Over the last 20 years more pupils have moved to Llanfyllin High School than Caereinion. As a result, our governing body has asked Powys County Council to consider a request to move to the Llanfyllin cluster instead. Powys County Council have agreed.

This means that the headteacher and staff will have meetings with schools closest to Llanfyllin in the future. We will have high school information from them. We will also have high school information from Caereinion.

We are told to inform you that this will not affect the transport to high school arrangements. This goes on where you live not which primary school you attend.
