Exciting new Community Play Area at Ysgol Meifod

Update (Dec 6th, 2022)

You may have seen this weekend; we have had the ground prepared for a new play area? Work has started on the installation of the equipment which should take around a week or so.

We are delighted to confirm the cost of the equipment has been met by a lottery grant awarded this year which is a massive boost for Ysgol Meifod.

Friends of Ysgol Meifod are continuing to raise money for the flooring of the play area (c£6,000) in order that we can use it safely. We hope to have all of the funds for this to be completed by the end of January, having raised around (c£2,000) this academic year already.

In the new year we will provide an update on how we can all support Ysgol Meifod through parent/guardian skills, help to run/organise events, easy fundraising through normal online shopping, dragon bin, donations, and financial help.

Here are some before photos, and what has been done this week,

Project Manager – Mrs Jacqueline Bullen
